The fourth quarter of calendar year 2015 witnessed growth in all key indicators with the gross loan portfolio of the sector increasing by 9.5% to cross PKR 90 billion.

Growth in microcredit outreach was primarily fueled by the MFB peer group whose active borrowers and GLP increased by 5.0% and 13.5% respectively. Khushhali Bank (KBL) and APNA Bank (AMFB) were the largest contributors to GLP - both banks increasing their loan books by PKR 1.6 billion and 1.3 billion respectively. The increase by KBL can be attributed to larger loan sizes driven by their MSME product line. AMFB, on the other hand, initiated operations in eleven new districts of Punjab, along with a focus on increasing loan sizes. In terms of active borrowers, the largest contribution came from Akhuwat which financed 42,000 new clients - primarily in the services and manufacturing sector - and expanded its outreach to cover 78 districts as compared to 72 districts in the previous quarter. During the same quarter, the share of individual lending methodology increased from 34% to 41%, depicting a growing preference of individual lending over group lending. Sector PAR (>30 days) declined from 1.6% to 1.4% in the current quarter as a result of write-offs by MFBs.

In terms of savings, the value of savings posted considerable growth of 21%, whereas, the number of active savers grew modestly by 4.5%. MFBs were the sole contributors to the value of savings by adding PKR 11.1 billion worth of deposits in the current quarter. KBL witnessed the greatest increase in the value of deposits (by PKR 4.4 billion), followed by AMFB (by PKR 2.3 billion). KBL continues to capitalize on its geographic spread to mobilize deposits, in addition to taping a higher ticket size. The average deposit balance of the MFB peer group also increased by 18% in the current quarter - from PKR 5,000 to PKR 5,900. Waseela Bank (WMFB) witnessed the greatest increase in the number of depositors (by 39%), mainly driven by its branchless banking platform. Among the non-bank MFPs, only NRSP witnessed a significant increase in active savers by adding 343,000 new savers in the provinces of Sindh and Punjab.

Micro-insurance also exhibited a positive trend in the fourth quarter of 2015 - policy holders increased by 4% while the sum insured depicted an increase of 6%. Contribution to micro-insurance was, again, dominated by the MFB peer group, as most banks offer built-in micro-insurance product to every credit client. KBL was the largest contributor to micro-insurance among MFBs whose policy holders increased by 23,400 and sum insured by PKR 1.9 billion. Among MFIs, Akhuwat witnessed the greatest increase in both, policy holders (by 42,000) and sum insured (by PKR 0.9 billion). Resultantly, the market share of Akhuwat (in terms of policy holders) increased from 9.7% to 10.2% - surpassing NRSP Bank to become the fourth largest provider of micro-insurance. The sector continues to be dominated by only two types of insurance policies; health and credit life, each maintaining a market share of 49% and 50% respectively.

The penetration rate of the sector increased only marginally from 13.3% to 13.7% in the current quarter. However, the total number of branches increased by 200 (primarily in the region of Punjab and Sindh) due to an increase in outlets by Akhuwat (88), AMFB (39) and NRSP (28).

## DISTRIBUTION OF ACTIVE BORROWERS

### Top 5 Districts: Greatest Increase in Microcredit Outreach

	District	Active Borrowers (31 Dec)	Growth (1 Oct to 31 Dec)	
			Net	%

## Saving Methodology:

- Intermediation:** Public deposits used to finance an organization's loan portfolio. Only SBP-regulated MFPs (CFIs and MFBs) can accept and intermedate deposits from the general public.
- Mobilization:** MFPs not regulated by SBP (MFIs, NGOs, RSPs) can neither hold nor intermediate deposits from the general public. These organizations do however mobilize savings from their members/clients to place with licensed commercial banks.
